Sir:

In response to the Notice of Allowability dated December 13, 2006 kindly enter
Applicants' "Comments on the Statement of Reasons for Allowance" without prejudice as
follows:

Comments on the Statement of Reasons for Allowance

Applicants acknowledge the Office's admission that the pending claims are patentable over the references of record. Applicants respectfully submit that while the specific features and relationships mentioned in the Statement of reasons for allowance are not disclosed or suggested in the prior art, these are not the only recited features, relationships, or steps which are not found in the prior art. Furthermore, the Statement sometimes indicates a general paraphrasing of claim language, and not necessarily the exact claim language. The Statement also refers to subject matter (or language) which is not recited in all of the claims. Not all claims require the features and relationships indicated in the Statement. It should be understood that the allowed subject matter is to only be limited by that subject matter which is recited. Any remarks in the Statement which narrow the recited subject matter should be disregarded.

Respectfully submitted,

Ralph E. Jocke Reg. No. 31,029
